So darn cute and efficient!!!!

Look at this space! Cedar vaulted ceilings, windows all around...lovely countertop and all furniture stays.

Toasty electric fireplace and room for tv above.

I'm sorry, but this is just a small home ready for you to put your coat down and relax

Check out that awesome propane stove! Flooring is so right for the space.....

Did I mention FULL SIZE w/d?

The built ins are full of storage space as is the home.

Split areas with built ins on this side.....

And built in entertainment center on the other.....

Check out this incredible space....light filled, custom home and move-in ready.
